5. Navin Dang, Mohammad Shafi Kuchay, Journal of Pediatric Endocrinology and Metabolism, Efficacy and safety of a single monthly dose of cholecalciferol in healthy school children.

SUPPORTED ACTIVITIES

1. Ph.D. Guide

Impact: -

Two Ph.D. Scholar completed successfully their Ph.D thesis work under supervision.

i. Mukta Sehgal, "Application and relative efficacy of different biomarkers for detection of celiac disease"

ii. Binish Jawed, "Application of LAMP (loop-mediated isothermal amplification)-based technology as a tool for the sensitive and rapid detection of Dengue Infection**"**

2. Udayan Care

Impact: -

Thousands of unprivileged children have been tested for different kinds of diseases at no cost over the last twenty years.

3. Cancer Care/CanKid/CanHelp

Impact: -

Volunteers of the above organizations refer cancer patients to Dr Dangs Lab for investigations. Compassionate care is extended to these unfortunate patients with best wishes and at no cost.

4. IPAQT (Initiative for providing Affordable & Quality Test for Tuberculosis)

Impact: -

To fulfil Dr Navin Dang's dream of providing affordable and quality tests for tuberculosis. Dr Dangs lab is working with Clinton Foundation on this. The population of our country is now being provided tuberculosis testing at no-profit by this initiative.

5. CELIAC SOCIETY OF DELHI AND CELIAC SOCIETY OF INDIA

Impact: -

Prevalence of Celiac disease is of epidemic proportions in India. This is mainly because of lack of awareness.

Dr Navin Dang has contributed immensely to the above cause in the field of correct method of diagnosis and creating awareness about this disease.

6. QUALITY MANAGEMENT SYSTEM

Impact: -

Dr Dangs lab being one of the first labs in the country to have been awarded ISO and NABL accreditations, Dr Dangs lab has been a part of various forums to create awareness about the importance of Quality System and Management in lab medicine. Various case studies have been based on the quality management system and patient satisfaction achieved at Dr Dangs Lab, at institutions like Stanford University and Harvard University.
